

# SC Works Trident Complete Business Services Certification

**SC Works Trident Staff with their Business Services Certificate**

In 2010, the SC State Workforce Investment Board and the workforce system approved a One-Stop Certification process, creating statewide standards for Job Seeker Services, Employer Services and One-Stop Management. These standards are the foundation to the transformation of the workforce system. The SC Department of Employment and Workforce (SCDEW) contracted with The Hayes Approach, from Greenville, SC to implement statewide, the nationally-recognized Business and Employer Services curriculum from the Dynamic Works Institute. The training occurred over the

course of one year and included on-going assessment of participant's skill attainment. This training provided each workforce area with the tools required for the Employer Services Standards.

Training was provided to members of the SC Works Trident Business Services team. This team is comprised of employees of SC Works Trident, SCDEW, tri-county economic development departments, SC Vocational Rehabilitation, Department of Social Services, Palmetto Youth Connections, and regional educational initiatives.

On June 22, 2012, The Hayes Approach hosted an

awards ceremony in Columbia to recognize those individuals statewide who successfully completed this training and are now considered a Dynamic Works Certified Professional in Business and Employer Services. Congratulations to all of those Business Services team members who are now certified!!

**TRIDENT TECHNICAL**

**Full-time Faculty**
